S I R :

A telephone interview was conducted on January 25, 2010 with Examiner Hanley and Supervisor Ton regarding the above-identified application.

During the interview, differences between Applicants' claim 1 and Shinji et al. (JP 11-213891), Oono (JP 3-75596) and Kazuya et al. (JP 07-162180) were discussed. No agreement was reached. Alternative language was suggested that appears to overcome the art of record.

Respectfully submitted,

---
